Brig. General Arthur J. Pierce
Commander, Foreign Technology Division
Air Force Systems Command
Wright-Patterson Air Force Base
Dayton, Ohio

Dear General Pierce:

I wish to thank you for the stimulating visit of our OSI and FMSAC representatives to your command. It has been a number of years since the last series of extensive discussions and our group was most favorably impressed with your activities and accomplishments.

We are convinced that the frank exchange of information and opinions was highly valuable and will contribute immeasurably to closer and more profitable relationships. I suspect the free airing of problems, real or not, by both groups will probably contribute much to their early solution.

As discussed during the visit, OSI will send to you a bi-weekly intelligence production report and a monthly listing of OSI contractor's reports received. We hope these items will be of value to you and we would be pleased to receive comparable FTD reports if and when available.

We would be happy to host a follow-up meeting here in Washington and suggest as a tentative date some mutually convenient time between 15 September and 15 October. We will be in touch with you at a later date to firm up more specific arrangements.

Sincerely,

Edward B. Giller
Acting Deputy Director
